March 11th	
March 18th	Contest

Created in 1977 by Dr. George Lenchner, an internationally known math educator, the Math Olympiads went public in 1979. Last year nearly 150,000 students from 6,000 teams worldwide participated in the Olympiads. The United States and 30 countries were represented.

The Math Olympiad team at McDevitt Middle School will meet 16 times. During our meetings, the students will work cooperatively, focusing on strategies to solve difficult math word problems.
